IF YOU HAVE A DENTAL EMERGENCY, PLEASE DO NOT GO TO THE EMERGENCY ROOM

In these uncertain times, it is important that we work together to ensure the health and safety of all. The medical community is being overwhelmed with patients concerned about or diagnosed with the Novel Coronavirus. Emergency rooms, urgent care facilities and pharmacies are barely able to keep up with patient demand, so it is our job to make sure that patients suffering from dental emergencies are not forced to seek care outside a traditional dental office setting.

Our dentists are currently seeing patients for essential and emergency services only. We are consolidating care into a limited number of offices per market and staggering hours so that we can accommodate all patient needs. IF YOU ARE EXPERIENCING A DENTAL CONCERN, CALL XXX-XXX-XXXX AND OUR TEAM WILL HELP YOU ASSESS YOUR CARE NEEDS AND LOCATE THE NEAREST AVAILABLE OFFICE.

Please rest assured that we are taking all necessary precautions to safeguard our patients and staff from COVID-19. For full details on our enhanced safety protocols, please read the [Patient Safety](#) page on our website.
