

# Nothing is More Important than Patient Safety

We ask that you please do not enter the premises if you are currently experiencing any of the following flu-like symptoms:

- Fever
- Cough
- Sore throat
- Nausea/vomiting
- Difficulty breathing

Please take the following precautions within the office:

- Maintain a six-foot distance from others except when in the treatment area
- Avoid shaking hands or any unnecessary physical contact
- Sneeze or cough into your elbow if required

Call us if you need to reschedule your appointment or are experiencing a dental emergency
